Wine Spotlight

MIKE'S RESERVE RED NO.3

Columbia Valley
AVA

48% Cabernet
Sauvignon,
22% Tempranillo,
17% Petite Verdot,
13% Syrah

We were not going to release this wine until all of Mike's Reserve Red no.2 was gone. BUT... when we tasted it near the end of September, we decided it was too good to keep locked away! The two Mike's are completely different blends, so it is really fun to taste them side-by-side. It really lets you see our winemaking philosophy: we blend to make the best wine possible, not a cookie cutter recipe. We want the individual varieties to shine!

Because of COVID, our Reserve Red Blending Party was a little different this year than previous ones. We were fortunate in that we were still able to have small groups of people come throughout the day to taste the wines with us and experiment with their own blends. In fact, my dad and I walked away at the end of the day with a completely different blend than what we had originally planned for. Thank you to all of those who were able to make the party and change our mind! When you taste this wine, you'll know why we went with this particular blend!

Winemaker's Notes: These 4 wines blend together beautifully, creating a lush, intensely fruity, full-bodied red. Ripe red grapes, purple flowers, and toasted oak on the nose. Dried plum, blackberry, and soft fine leather upon first sip, while espresso and dark chocolate linger.
